WORK EXPERIENCE

2018 - Present

NOA OFFICES DUBAI

Architect/Designer

- Undertake projects from concept to completion, ensuring all client requirements and design standards are met.
- Create detailed furniture layouts, 3D renderings, shop drawings, and furniture presentations.
- Attend meetings for product and material selection, ensuring choices align with client preferences and budget constraints.
- Select products that meet client requirements while maintaining budget considerations.
- Present design concepts and proposals to clients, securing approval and feedback.
- Handle social media accounts, creating engaging content to showcase design projects and attract new clients.
- Create company advertisement materials, including profiles, brochures, and website content.
- Coordinate with the sales team to ensure seamless communication and project execution.
- Conduct site visits and measurements, creating accurate and functional space plans.
